MAYFIELD BLAZE BURNS MILLS AND WHEAT ELEVATOR

Plant and Contents Worth
Hundred Thousand Dollars
Are Destroyed.

One Side Eminence Business
Street Burns.

A FATAL DOSE OF MORPHINE

Mayfield, Ky., Nov. 2. (Special).—Fire early this morning destroyed the mill and elevator of the Mayfield branch of the Revell Milling company, which contained 76,000 bushels of wheat. The buildings and contents were valued at \$100,000; but it is believed enough wheat will be saved to cut the loss to half. The buildings and machinery are a total loss. It is believed the fire was caused by sparks from a locomotive. The fire department did, without service, but was unable to cope with the flames, which mounted to the top of the huge elevator, presenting a weirdly fascinating spectacle.

Charles Randall Dies.

Blauvelt, Ky., Nov. 2. (Special).—Charles Randall, 30 years old, the well known blacksmith, died Sunday from an overdose of morphine, and was buried yesterday. He was addicted to the drug, but had taken the cure. He was in Cairo Sunday and indulged his appetite. He got home, but died soon afterwards. He lived with his mother. He was the cousin of Mrs. W. W. Wilkinson, of Paducah, and a nephew of Mrs. A. Desobert, of Ballard county.

Fire at Eminence.

Eminence, Ky., Nov. 2. (Special).—A fire broke out on Main street of this city was burned this morning. The loss is \$40,000.

Lindsay Will Probated.

Frankfort, Ky., Nov. 2. (Special).—The will of the late William Lindsay, prominent yesterday, in which he leaves his splendid law library to his son-in-law, Frank O. Sire, of Cincinnati, to be held and used by him for the benefit of his son, Lindsay Sire, the son of Mrs. Sire, his only child, the land he owns in Virginia and all the family silver he possessed before he married his last wife, and any property left after paying his debts is to be divided between wife and daughter.

Captured for Stealing a Cow.

Charles Carroll, wanted by the police at Mound City, Ill., was arrested last night by Sergeant Ike Cross and later confessed to stealing a cow there a short time ago and selling it at Cairo. The Illinois authorities sent a card here yesterday, asking the police to locate Carroll, who was found after a long search. Notice of the capture was sent to Mound City and an officer will be sent for him.

W. L. H. Stamps.

Paducah's distillers are doing a good business now, and the sale of revenue stamps for October amounted to \$13,513.12. Both of the distilleries have old stock on hand, and are bottling it in bond, and hence the increased revenue. During the month 412 wholesale liquor dealers stamps were issued.

Patrolman Recovers Clothing.

After good work on the part of Patrolman Goureaux of the police department the clothes that were stolen from the Ideal Dressing club, Fifth and Jefferson streets, over two weeks ago, were recovered today and identified. They were taken from a dwelling on Broadway but no arrests have been made. The clothing, consisting of a pair of shoes, three pairs of trousers, two coats and an overcoat, will be held as evidence.

Calvin's Birth Remembered.

Paris, Nov. 2.—Five thousand French Protestants today celebrated the fourth century of the birth of John Calvin with exercises in Trocadero hall. Among those present was Consul-General Mason.

Gompers, Mitchell and Morrison, of Federation of Labor, Lose Their Case in District Appellate Court

Sentenced to Go to Prison for
Contempt and Sentence is
Affirmed Upon Appeal to
Higher Court.

Washington, Nov. 2.—The court of appeals, District of Columbia, today affirmed the full sentence of Samuel Gompers, John Mitchell and Morrison for contempt.

Gompers said an appeal will be made immediately to the federal supreme court.

The court affirmed the opinion of Justice Wright of the supreme court of the District of Columbia, imposing a full sentence on President Gompers, Vice President Mitchell and Secretary Morrison, of the American Federation of Labor for contempt in violating the injunction in the Buck Stove and Range case. Gompers was sentenced to a year, Mitchell for nine months and Morrison for six months. The opinion rendered by Associate Judge Van Orsdel was concurred in by Justice Robb. Chief Justice Shepard dissented.

"Individual interest dwindles into insignificance when compared with the higher principles involved in this case. The fact that the defendants are officers of a great organization makes the charge graver but does not influence the result," says the decision.

The case decided today grew from the action of the American Federation of Labor placing the Buck Stove and Range company, of St. Louis, on the "we do not patronize" list in the monthly official organ of the federation, following a failure to adjust differences between the metal workers' union and company. The firm then obtained an injunction against further mention of their name by the federation in that connection.

The federation omitted the name of the firm, but carried on its campaign against it, not using the name through speeches, editorials and public statements. Charges then were brought for contempt.

General Recidivist Here.

Attorney General James Breckinridge was in the city last night, en route from Murray to his home in Hopkinsville, where he voted today. Yesterday he delivered an address in Murray to a large audience, and left early this morning for his home.

City Finances.

The following is the monthly report of City Treasurer George Walters and City Auditor Alex Kirkland for October, showing the condition of the city's finances:

Balance Oct. 1. \$34,277.94

Collections 5,505.52

Total \$39,783.46

Disbursements 17,411.92

Balance Nov. 1. \$22,371.54

YOUNG BOY DROWNED IN THE CUMBERLAND.

Clarksville, Tenn., Nov. 2.—Archibald, aged 13, was drowned in the Cumberland river near Paducah. He was in a mussel-grabbing boat and, being alone, he is supposed he was struck by the lever used for working the mussel grab and knocked overboard. His body was recovered about an hour after he was drowned.

PRAIRIE FIRES KEEPING FIRE DEPARTMENT BUSY.

Grass fires kept the firemen on the jump today. Between 10:30 o'clock and noon three alarms had been turned in. The first fire was a trash pile at 1459 Broad street, but was extinguished without loss. The second alarm was a grass fire at Fourteenth and Caldwell streets, and before it was extinguished an alarm was received for a forest fire in Little's addition. A large area was burning, but with brooms the firemen drove the fire back from property.

Will Catch 'Em or Quit.

Chicago, Nov. 2.—Captain Wood, head of the police detective bureau, told his men today that if they fail to get definite results in the month investigations they could quit the bureau, and added that if his department failed to run down the perpetrators of the prolonged series of explosions he would resign.

Welcher Arrested.

New York, Nov. 2.—Joseph Donnell, a customs weigher, was arrested today charged with defrauding the government in underweighing sugar.

SPAIN IS SWEEPED BY FIERCE WIND

MUCH DAMAGE DONE AND MANY
LIVES MAY HAVE BEEN
LOST THERE.

Madrid, Nov. 2.—Terragona Province was swept by a cyclone, causing enormous damage. It is feared lives were lost. The railway depot at Irlivent was demolished and the railroad for miles washed out. Communication is interrupted.

MOTHER MISSING

POLICE ARE LOOKING FOR MRS.
MARTHA MORRIS.

City Jailer Is Taking Care of Four-
teen-Year-Old Annie Morris.

Efforts of the police department to locate Mrs. Martha Morris and her two children, Florence and James, have proved of no avail and City Jailer James Clark is caring for 14-year-old Annie Morris until her mother, brother and sister can be found. The girl came here from Nashville, after being discharged from an elementary institution and had not seen her mother for over 10 years. It was thought that her brother and sister were attending school in Paducah, but their names were not recorded on the school lists.

FOOTBALL

GAME MAY BE ARRANGED FOR
NEXT SATURDAY.

Correspondence is on with the Cartersville, Ill., Tigers for a game with the Paducah High school team at Cartersville, next Saturday. The Cartersville Tigers played the Paducah Athletic club Sunday, but the game ended in a dispute. High school has two more games in the schedule, but the game with Cartersville may be arranged. The High school has realized that better team work is necessary, and strenuous practice was put in yesterday. Whenever a player does not go into practice with a spirit a man from the second team will fill the gap, and there are some subs, who will run the regulars a close race for the team.

Next Sunday the Paducah Athletic eleven will play the strong Herrin, Ill., team. A good game is expected.

LEGISLATURE MUST TAKE RESPONSIBILITY

Capt. Ed Farley, state treasurer, voted today and probably will return to Frankfort tomorrow.

Asked about the state finances, Captain Farley said: "It is the same fight we have been making ever since our inauguration, trying to make the state revenue meet the obligations of our predecessors. We have collected revenues more closely than they were collected before, else we could not make both ends meet. When the legislature convenes the situation will be put to the legislators just as it exists. We have made no debts. The legislature is entirely responsible for appropriations, and the responsibility will be placed exactly where it belongs."

COMMERCIAL CLUB LUNCH AT PALMER HOUSE THIS NOON

Mayor Smith and Charles K.
Wheeler Are the Principal
Speakers.

Well Attended Affair Is En-
couraging.

NEXT MEETING OF THE CLUB.

Despite the fact that this is election day, and with some business men a very busy day, over half of the membership of the Commercial club was in attendance at the second of the get-together dinners of the club at the Palmer House at noon today. President Litterback presided in his usual gracious manner, and after the dinner called for brief talks from some of the members. "With these get-together dinners of the club we are perfecting and bringing in closer touch the organization of the club, and we will, in this way, attract those who are not now members," he said.

The mayor was the first speaker called and he made a striking hit with his auditors. "I am very glad to be with you gentlemen," he said, "and I want to take this opportunity to tell you that, while you are considering ways and means and planning for the commercial advancement of Paducah, I shall greatly appreciate it if you will also consider what things you could suggest to me that will improve our conditions over which I have supervision and for which I am responsible. I am your servant, and want to be commanded. There are lots of things that probably occur to you that could be improved, and really I believe it is your duty if you know of such to come to me and make it known. In this way we can correct anything that is not right, and in this way I can get many valuable suggestions that will make for the good of the city."

The Hon. Charles K. Wheeler was then called, and to a very entertaining talk suggested that the members of the club should organize some social features for the club, so that his members would have some way of entertaining friends and customers when they come to Paducah.

"There is no disputing the value of these get-together meetings. They are causing all of us to know one and another better, and I think that one of the best things we can do is to conceive some social features as well, and I would suggest our own club house. With our own club house we will have a place to take our visitors to dine, and entertain them as we are done in the larger cities we visit, and really I believe the formation of such a club would be of more value than the location of a new industry here."

Next Meeting.

The regular meeting of the club will be held at the Palmer Tuesday night, November 9. Among those present today were President J. C. Litterback, Saunders, A. Fowler, Mayor Smith, Harrison Watts, John W. Little, Abe Livingston, W. P. Hummel, H. R. Ladsey, C. E. Jennings, L. W. Henneberger, Earl Palmer, Sol Dreyfus, Jake Wallerstein, Curt Covington, Louis Kolb, Luke Russell, H. A. Pette, L. M. Rieke, Sr., Wallace Well, George McCandless, W. F. Bradshaw, W. A. Berry, Chas. K. Wheeler and E. J. Paxton.

Formers' Union Meeting.

Whether the Farmers' union, which will handle a considerable amount of this season's tobacco crop, will sell by local sales or ship the weed for settlement will be settled by a meeting of the state board next Tuesday. The meeting will be held in the office of State Secretary R. L. Barnett in the Three Links building.

DAN LEACH DIES AT RIVERSIDE HOSPITAL.

Dan Leach, 79 years old, died at 9 o'clock last night at Riverside hospital of general debility. He was admitted to the institution for treatment October 23 and owing to his condition very little information concerning him could be gathered. He is said to have been a laborer and his body was taken to Nance & Rogers' morgue. L. L. Leach, a brother, residing at Dukeston, Mo., was notified of the death and is expected here to take charge of the body. No known relatives in Paducah survive.

Hose Companies Nos. 1 and 3 were called out this afternoon to extin- guish grass fires. One fire was at Fourth and Tennessee streets while a second alarm was received in a few minutes at Ninth and Boyd streets.

While Soldiers Are Eating, House Containing Ballots, is Burned in Bloody Breathitt This Morning

Gary, Indiana, Under Martial
Law and All Policemen Ar-
rested For Assault--Lively
Voting in Louisville.

Splendid weather brought out a fair vote today. The weather man served out a brand of weather that made it possible for every voter to reach the polls without any extra effort. The polls opened without any confusion, and no disorder was reported at any precincts.

The polls opened this morning with a good list of the early voters who were anxious to dispose of their ballots, and a steady stream of voters were at the polls until closing time this afternoon. At noon the polls were crowded, but few voters were delayed in casting their ballots. The saloons were closed today, and the police reported a quiet election although the voters showed much interest. It was apparent that scratching was in order, as the majority of voters remained in the booths longer than necessary to stamp under the device of any party. Workers were out, and every endeavor was made to get out the full vote of each party. At noon about a dozen special registration certificates had been issued by the county clerk. These were supplied only in cases where voters had misplaced the regular certificates, and then only in case of payment of a fee.

Heavy Vote in Louisville.

Louisville, Nov. 2. (Special).—The election opened quietly. There was no disorder. A heavy vote is being polled early.

Callahan's Steel Ballots.

Jackson, Ky., Nov. 2. (Special).—The home of Mrs. Mary Dealin, where the ballots were placed for the Crockettville precinct, was burned while the soldiers were at their meals. New ballots were sent out. The ballots from Sebastian precinct were stolen. Callahan sympathizers are blamed in both instances.

Many Arrests in New York.

New York, Nov. 2.—Warrants for the arrest of hundreds of persons accused of illegal registration today were issued this morning, but no arrests will be made until the polls are closed. There is an unprecedented vote, with a contest for mayor predicted. There is little scratching. Judges, who will pass on the election frauds, have unanimously decided they will assess the maximum punishment.

Gary Under Martial Law.

Gary, Ind., Nov. 2.—The election is being held here practically under martial law. Sheriff Grant, of Lake county, has sworn in 200 deputies. The company of militia at South Bend is ready to come here on immediate notice. The governor has a secret personal representative in town.

Government Engineers Are Inspecting Condition of LIVINGSTON POINT.

Government engineers are at work on the Paducah harbor. The Ohio river has been cutting away Livingston Point in a manner to threaten the natural winter harbor here with ice from the upper river. About \$15,000 will be spent to strengthen the protection to the harbor.

Daring Robbers Fight Off Their Pursuers

Van Courver, H. C., Nov. 2.—Two masked highwaymen held up the Carbon stage coach at the 150 mile house in Caribou and stole several packs of registered mail, according to advices received here. The men were armed with rifles and met practically no opposition from the driver or passengers on the stage. It is believed the robbers got about \$5,000. The provincial police believe one of the robbers was William Haney, who with his brother and others held up the Canadian Pacific railway train in the mountains six months ago. They were disappointed as the treasure was not on the train. Pursued by a posse, Haney's brother was shot by Constable Decker, who was killed by William Haney. They

City Marshal Shot.

Carroll, Ia., Nov. 2.—Pat Hutton, city marshal, was shot in the back and killed by one of two robbers whom he was chasing at 7 o'clock this morning. The robbers entered the residence of T. A. Lyman and escaped when the alarm was given. Hutton chased them in a buggy seven miles. He caught up with them near Glidden and was trying to capture one. The other shot him in the back. Citizens of Carroll and Glidden joined in the chase and captured two men in a cornfield, believed to be the robbers. A mob is gathering here and threaten to lynch them if they are brought here.

Mother and Children Burned

Pittsburgh, Nov. 2.—Mrs. William Marlow, wife of a coal miner, and four of her children were burned to death this morning in a fire, destroying their home in Penn township, near here. Mrs. Marlow saved one child and in attempting to rescue the other four lost her life.

PRESIDENT TAFT ENTERTAINED AT COLUMBUS TODAY

Reception and Barbecue and

trate's Honor.

Deep Waterways Convention
Intends to Work.

HIG LOBBY TO CARRY POINT.

Durant, Miss., Nov. 2.—At 7 this morning Taft's train left here, where it had been since 2 this morning, and proceeded towards West Point and Columbus, Miss., where he will arrive at 11:25.

Columbus Welcomes Him.

Columbus, Miss., Nov. 2.—A committee consisting of Capt. C. A. Johnston, Mayor Donnell, Messrs. H. H. Lee, T. B. Franklin, J. T. Harrison, E. R. Sherman, J. P. Mayo, M. A. Franklin, H. A. Weaver and J. T. Wood, went to West Point to meet the president and escort him to this city.

Upon arrival the party was joined by a number of prominent local citizens and driven to the home of Hon. B. F. Lee, on North Seventh street, where the president was tendered a reception. The carriages were preceded by a military pageant, including three bands, the full cadet battalion of the A. and M. College at Starkville and five companies of the Mississippi National guard, under command of Maj. E. B. Boyd.

After the reception at the Lee home was over, the parade proceeded to the speakers' stand at the corner of Main and Market streets, where the president delivered an address, being introduced by Mayor E. S. Donnell.

At the conclusion of the president's address the party proceeded to the Industrial Institute and College for the barbecue.

At the college the president held a brief reception in the music hall, being introduced to the students of that institution and to the A. and M. cadets.

Will Send Lobbyists.

New Orleans, Nov. 2.—The waterways convention is over and several farwelled speeches were made today. Delegates believe the association will never meet again, as the work is finished. The board of managers elected will now turn its attention towards congressional action.

New Orleans, Nov. 2.—The adoption of Taft's suggestion that the time for oratory is past the waterways convention, to the accompaniment of cheers, decided to send five hundred lobbyists to Washington to demand that congress deepen the Mississippi river. The action followed a day of oratory, but all doubt of the temper of the delegates was dispelled when the climax came.

WIFE OF A FORMER POSTMASTER IS DEAD

Word was received this morning from Lincoln, Neb., announcing the death of Mrs. T. J. Pickett, mother of Mrs. Thomas Howell and Mrs. R. J. Terrell, who will start for Lincoln tonight to attend the funeral. Mrs. Pickett was a native of New York and was 75 years old. She was the wife of Paducah's postmaster under Grant, and left here 20 years ago. Besides her two daughters in Paducah, she is survived by the following children: Mrs. H. R. Guthrie, Lincoln, Neb.; and Messrs. William, Thomas, Charles, George and Horace Pickett, who reside in Nebraska and Colorado. Mrs. Pickett was a woman of splendid mentality and graciousness, and had many friends here.

Henry Clay Gant Dies.

Henry Clay Gant, a prominent citizen of Hopkinsville, died at that place Saturday night. Mr. Gant was 81 years of age and died in the home where he was born. He was for 12 years president of the Bank of Hopkinsville, resigning only a few days previous to his death. He was a brother of Mrs. Rebecca Cope, formerly of this city, and is an uncle of Mr. Milton G. Cope, of Paducah. Mr. Gant is well known in Paducah. He was a devoted member of the Presbyterian church. The funeral was held yesterday in Hopkinsville.

FARMERS' UNION

ADOPTS RESOLUTIONS AT DANVILLE, VA., MEETING.

Held to Consider Feeding and Selling
of Tobacco By Organization.

Secretary R. L. Barnett, of the Farmers' union, has returned from Danville, Va., where he attended the interstate meeting of the union and growers on October 19. He was accompanied there by Chairman John Grady, of Grand Rivers. The meeting was largely attended and many important matters discussed. The following resolutions were adopted: Feeding the proposition now before us, as to the protection, sale and disposition of the tobacco crop, we are aware of the gravity of the situation, the thought needed for the solution and the tireless energy needed for the execution, and are ready to embrace the situation with a manly front; and therefore being thus determined, we offer the following as our plan of action:

BOARD OF HEALTH BACKS EMPLOYEES

ASKS GENERAL COUNCIL TO RE-
TAIN INSPECTORS.

Lower Board Holds Session Night
Before Election for Routine
Matters.

TENNESSEE GETS SOME MONEY

At the regular meeting of the council last night, in which only a small amount of routine business was disposed of, the board voted to allow \$50 to the Tennessee River Improvement association, concurring in the action of the aldermen two weeks ago. Such an allowance has been made for several years by the city.

The report of the treasurer and auditor, showing a balance of \$24,708, was received and filed.

The report of Treasurer Walters, showing that he had sold the delinquent tax bills to City Auditor Kirkland, was received and filed.

At the request of City Assessor J. W. Orr he was allowed to employ an assistant for this month, the busy period.

On application of C. E. Jennings, the American Surety company was released from liability on the bonds of the city park commissioners.

The board of public works was ordered to build a sewer on Clay street near Ninth street to carry off surplus surface water.

Chief of Police James Collins' monthly report, showing collection of fines amounting to \$356, \$52 repaid and \$59 on hand for collection, was received and filed.

A communication from the health board, asking that the city re-employ Sanitary Officers R. D. Barnett and J. D. Gaither was received and filed. No action was taken, as the terms of their office do not expire until December.

The monthly report of Meat and Milk Inspector Farley was received and filed.

Similar action of the upper board was taken in making an allowance for James Campbell's visit to Louisville, where he attended the meeting of the mayors.

The board adjourned.

Mrs. Louie Hite, 428 Outten St., Danville, Ill., writes, October 18: "Foley's Kidney Pills started me on the road to health. I was treated by four doctors and took other kidney remedies but grew worse, and was unable to do my housework, and the doctor told me I could only live from two to six months. I am now so much better that I did all of my own work, and I shall be very glad to tell any one afflicted with kidney or bladder trouble the good results I received from taking Foley's Kidney Pills." Commence today and be well. Do not risk having Bright's Disease or Diabetes. Gilbert's drug store.

News of Theatres

It seems to be with the musical shows as with the song hits of the day; most of them kill themselves, some are forgotten and others linger like the last flowers of autumn. "The Golden Girl," like all the singer shows, has proved to be made of different material, for after running for a full season in Chicago, playing to crowded houses at every performance it has now distinguished itself on the road by doing capacity business everywhere and receiving the most laudatory criticism from both the press and public in every city visited. "The Golden Girl" comes to the Kentucky theatre Friday night, November 5. Seats on sale Wednesday morning at 10 o'clock.

"The Wizard of Wiseland."

"The Wizard of Wiseland," which appears at The Kentucky, matinee and night, on Saturday, November 6, is something new in the way of a mythological musical comedy. The book is from the pen of the well known writer, Eunice Fitch and Harry Scott and the music score was written by the eminent French composer, Lily Leo Lazelle. The first act opens with the commencement exercises at a seaside college for young ladies. The professor of chemistry is invited to demonstrate his latest discovery, a wonderful alkahest that he claims has the power to realize the wish of anyone drinking the potion and presto, the wish is granted. A young naval lieutenant, Paul Jones Hodson, appears and tells a wonderful story. He has been experimenting with a war balloon along the Pacific coast when a great cyclone blows up and he is driven out to sea. After two nights of the storm the man rises in the east and he finds himself hovering over a mysterious island where the trees can talk and flowers sing like birds, where the beach is strewn with pearls, rubies, emeralds and diamonds instead of pebbles. He tells about seeing a beautiful fairy queen with her following of mystic fairies. Of course everyone wishes to go to this Fairy Island, and the net closes with the professor brewing his mysterious potion which is to bring about the desired transformation.

How to Tell Whether a Skin Affection Is An Inherited Blood Disease or Not.

Sometimes it is hard to determine whether a skin affection is a sign of a blood disorder or simply a form of eczema. Even physicians are often puzzled in their diagnosis. The best way for any one afflicted is to go to Gilbert's and R. W. Walker Co., or any good druggist who handles pure drugs and obtain 50 cents' worth of poslam. Apply this, and if the itching stops at once and the trouble is cured in a few days it may be set down as having been eczema, as this is the way poslam acts in the worst cases of eczema, and in curing acne, herpes, blotches, tetter, piles, salt rheum, rash, barber's and other forms of itchy, scaly scalp and all surface skin affections.

Any one who will write to the Emergency Laboratories, No. 32 West Twenty-fifth street, New York, can secure, by mail free of charge, a supply sufficient to cure a small eczema surface or clear a complexion overnight and remove pimples in twenty-four hours. No. 5

equipment remarkable even in this day of extraordinary investments, will be the production by Mr. Louis James of Shakespeare's great work, "Henry the Eighth," king of England, which will be the attraction at the Kentucky theatre evening of November 16, in producing this play Mr. James has triumphed over many difficulties and by so doing gives to the American public a most proof of the practice and the ardor of his genius. He has indicated emphatically that Shakespeare's works have a place on the stage, and superiorly so.

Of Mr. James, it is asserted that he has visualized the play's various charms, and its many elements of grandeur, and as an ideal, as a spectacle, as a romance and as a tragedy, he has made it a thing for which the public will be grateful, and accord to Mr. James full honors. The

At the regular meeting of the board, attention and Mr. James will surely appeal to all lovers of that which is highest and best in dramatic art.

AT AIRSHIP

EXPERIMENTS WILL BE TRIED
WITH SHOOTING.

Memorandum of Defense Against Aerial
Attacks Are Considered by
Army.

Washington, Nov. 2.—To "devise means of defense against aerial invasion, the ordinance bureau of the war department is about to begin a series of experiments of shooting at air craft with cannons. The experiments will be conducted on the Sandy Hook proving grounds on the coast of New Jersey.

At the beginning only gas bags will be used, but the operation may be expanded. Nobody will occupy the baskets of the balloons when the firing is in progress.

Experiments shortly will be conducted in muffling the motors of the government's Wright aeroplane, so flights may be comparatively noiseless. Attempts to communicate by wireless from an aeroplane will also be made.

Experiments of firing upon a balloon in flight made in Germany have demonstrated, it is said, that ordinary artillery is ineffective against airships. The mechanism must be such as to allow the gun to move swiftly and easily in all directions, and so follow the lateral movements of the airships.

Work—Accident to Machine.

ONE MAN IS NEARLY KILLED

College Park, Md., Nov. 2.—After Lieutenant Wright had broken the record of Wright's aeroplane pupils by remaining in the air 58 1/4 minutes, the day's proceedings closing by a brilliant flight of two minutes by Wright, during which he made such steep ascents that many spectators feared the machine was about to "turn turtle."

This was Wright's last flight on the government field, as he leaves today probably not to return for instruction purposes until his presence is especially desired by his pupils.

Yesterday evening Wright undertook to carry Lieutenant Commander Sweet, of the navy, on an air voyage. Sweet, tipping the scales at 185 pounds, proved a little too much for the machine, especially as a dead calm added to the difficulty of ascending.

Aeronautic Pilots.

Boston, Nov. 2.—The first association of International Aeronautic Pilots was organized yesterday. It marked the 119th anniversary of the first ascension of man in a balloon. Throughout the world there are 259 persons entitled to membership. The United States and Great Britain have 35 each. Ten ascensions in a balloon late at night are the requirements. Charles J. Glidden, of Boston, was chosen president.

New Fatal Accident.

Honolulu, Nov. 2.—Aviation week opened yesterday with what nearly proved a fatal accident. A mechanic was making a flight in an aeroplane when flames broke out. A moment later the machine tank exploded. The man glided to the earth, but the danger of burning to death was so great that he jumped from the machine while 20 feet in the air and was somewhat injured.

POLITICAL PLUMS

HANGING TO BRANCHES OF AD-
MINISTRATION TREE.

Supreme Justice, Minister to China,
and Assistants to Cabinet
Officers.

Washington, Nov. 2. (United Press)—There are several large, juicy plums hanging on the administration's tree, ready for President Taft's picking and subsequent distribution to individuals who have an appetite for government delicacies.

The jobs that are awaiting occupants are numerous. It is unusual to find so many good berries vacant around the capital, and particularly so in view of the Roosevelt method of putting in new men in vacant places before the chair of the former incumbent had grown cold. But President Taft's temperament makes him move slowly.

Foremost of the vacancies is the associate justicehip on the bench of the supreme court of the United States. Obviously, the president will exercise great care in selecting a man to succeed the late Justice Peckham. Then there is the ticklish matter of securing the right man for the ministership to China, vacated through the dismissal of Charles R. Crane, of Chicago. Also there is the question of who shall succeed Whitehall Reid as ambassador to Great Britain—probably the most important post abroad, and the largest gift within the power of the presi-

TUESDAY, NOVEMBER 2.

Daily Thought.

He who has no time to be grateful
has no power to enjoy a blessing.

The weather man offers no excuse
for not voting.

Did the blow that broke Cadet
Hym's neck, break the back of foot-
ball?

Come down to the Sun office to-
night and read the returns on the
canvass. We have gone to a great
deal of pains and expense for you.

Wonder how many men started
from home fully intending to scratch
the ticket, and changed their minds
before they reached the polls.

PRODUCING WEALTH.

In plain words and figures the
Commercial-Appeal, of Memphis, calls
the attention of southern farmers to
the importance of adding to the
wealth of the country. It says:

"Did you raise a colt this year?
If you did, be sure, while weaning it,
and during the first winter, to give it
good shelter and ample feed. The
stunted colt never fully regains the
loss, and colts are stunted by neglect
during the first two years. If you
did not raise a colt, and most farmers
readers are in this class, why not?
You could grow a good mule, worth
\$200, for \$25 to \$50, a profit of \$150
at least. This is six per cent inter-
est on \$2,500, or you are losing
interest on \$2,500 by your failure to
grow a mule colt. Any mule colt at
weaning time is worth \$50 to \$75.
This is the easiest value of a bale of
cotton you ever made. Don't say this
does not concern you. It affects all
the south to spend millions each year
for live stock that could be grown
on our waste land. Every farmer
should grow at least colts enough to
supply his farm with work stock. It
is highly profitable. It is good farming.
Consider this carefully and see if
1910 cannot find you doing your
share in helping to save the constant
drain caused by each year buying
stock to farm our lands."

THE LAST WORD.

Just at the conclusion of the fight
it looks right hopeful for those whose
cause The Evening Sun espoused in
this campaign. We are not claiming
everything; but we are not giving up
until the last vote is counted and
certified. Political results are always
uncertain and the local situation is
confused; but we closed the formal
last night feeling victory in the air.
He that is in may.

The fleet was hot and we were in
the hottest of it, adding our mite to
the heat thereof. Sometimes our
language was vehement and unusu-
ally tactless in its import. Yet, we made
no bare faced statements unsubst-
antiated with records. We tried to be
fair, without losing earnestness. We
had no difficulty, once the issues were
made up, in being earnest. If at any
time we were unjust, we regret it. If
ever so little unjust; but we know,
though the public may not, how we
spared reputations, that had been
carelessly exposed by their owners.

Finally, we are glad it is over. We
thought what we think was a good
fight; but we would prefer that these
things should be settled without contro-
versy. It might not be so exciting to
the private citizen if "our party" and
the "other fellow's party" were not
matched in the contest; but for the
life of us we cannot understand how
a citizen can go to the polls and cast
his vote in a question, involving the
handling of his own hard earned
taxes, on any theory other than that
of choosing the best equipped man
for the office, regardless of whether
this man is printed on the ballot
under a rooster or a log cabin. It is
all right for boys to line up on one
side or another of a name; but for
men to be guided by any principle
other than that of right and wrong
is ridiculous.

During this campaign The Evening
Sun kept standing on its editorial
page both tickets with the occupation
of each candidate after his name, in
order to facilitate identification, so
that citizens could study the men, for
whom they were called to vote.

We have great faith in the people.
We believe that when the eyes of the
average man are opened to the situa-
tion, and when he is really enlight-
ened instead of deceived, he will
eventually do the right thing. He
may make some mistakes at first, we

all do; but the first essential to in-
telligent voting, is to know who is
win and what is what.

However, this election has gone,
we trust there has been no fraud and
will be none in the certification of re-
turns. Then we shall abide by the
decision of the majority, feeling that,
if we were wrong and the majority
went against us, the majority has
saved us; and if we were right and
the majority went against us, the
majority will have to suffer as much
as we do. If we won, we shall feel
the more elated that we fought on
the right side and appreciate the re-
sponsibility, which victory imposes.

SOME STORIES
AROUND TOWN

Lee Hart, two crack young south-
paw, has returned from Henton, Ill.,
where he has been twirling for sev-
eral weeks. During the season Hart
played with a number of fast teams
throughout Tennessee, Kentucky and
Illinois, and made good. It was his
best season, and his spiltball was
working excellent. He has received a
contract from the Springfield, Ill.,
team in the Three Eye league offer-
ing him a berth next season at a
good salary. Hart has not signed the
contract, but may accept it. In a
game recently he won from "Buck"
Freeman, who pitched for the Cen-
tral, Ill., team by a score of 4 to 0.
Hart twirled for Benton and had the
batters fooled by his twisters.

Col. Mott Ayres, one of the Demo-
cratic leaders, came near missing his
vote in Fulton today, and it was nec-
essary for him to ride a freight train.
This morning he intended going to
Fulton on the early morning train,
but a cab call was misinterpreted, and
at train time he found himself down
town. He was not aware that a local
freight left Paducah at 7:30
o'clock. However, things were ar-
ranged for Mr. Ayres so that he was
able to leave at noon on a fast
freight train for Fulton, and arrive
in time to vote.

Friends of Mr. Will Scott, of Pa-
ducah, formerly connected with the
editorial force of The Evening
Sun, will be pleased to learn of his
rapid progress in newspaper work
and wish him much success in his
new enterprise. Mr. Scott, after a
few days' visit to his parents, Mr.
and Mrs. B. H. Scott, Elkhart and
Madison street, left yesterday for
Louisville, whence he will go No-
vember 15 to Bowling Green, Ky., to
assume the management of the Third
District Review, a weekly newspaper,
in which he has bought an interest.
For over a year Mr. Scott worked
for the Louisville Times, leaving here
last year. After a few months' as
financial reporter he was promoted to
be assistant city editor, which po-
sition he retained with credit. A
short time ago he acquired an interest
in the Review at Bowling Green
and will make a capable manager.

ARE BOUNDING UPWARDS

Washington, Nov. 2.—The aggre-
gate debt of the United States is \$2,-
661,425,301, which includes \$1,368,-
277,800 certificates and notes out-
standing offset by an equal amount of
cash in the treasury. This leaves
\$1,293,147,432 composed of interest
bearing debts on which interest has
ceased, and debts bearing no interest.
The debt bearing no interest includ-
ed outstanding greenbacks aggregat-
ing \$246,681,016.

Balance in the general fund \$39,-
103,078.

Ordinary receipts in October aggre-
gated \$57,176,765, disbursements

\$59,100,600.

The balance in the general fund is
approximately \$6,000,000 less than a
month ago. The excess of ordinary
disbursements over ordinary receipts
by \$1,923,895, stands against a cor-
responding deficit of \$8,521,038 a
year ago. The aggregate debt, strip-
ped of certificates and notes outstand-
ing offset by cash in the treasury, is a
decrease of \$35,514.

Internal Receipts.

Washington, Nov. 2.—Surpassing
the most sanguine expectations of
the treasury officials, internal re-
ceipts are bounding upward. For
October the figures show \$23,931,-
431, an increase of \$1,615,735 over
the corresponding month last year.
The first four months of the fiscal
year receipts ran \$1,575,399 ahead
of the same period last year.

Patrolmen Search From Saturday
Night After Man Wanted for
Stabbing.

After clanking the police since Sat-
urday night, Will Stringer, colored,
was arrested at his home in More-
head at 2 o'clock this morning by
Patrolmen Baldridge and Smith on a
charge of malicious shooting and
wounding with intent to kill. John
Bethel, a white man, the victim, was
locked up on a charge of breach of
the peace, which was also charged
against Stringer. Bethel was bailed
out of the city lockup this morning.
It is alleged that Stringer nursed his
wife from home Saturday night and
went in search of her. Finding her in
company with Bethel. It is alleged
that Stringer drew a 38 calibre re-
volver and fired three shots, one
plowing into his right arm and the
other two grazing his scalp.

PRESIDENT TAFT

(Continued from Page One.)

Taft had just completed reading
his report and the perfunctory ap-
plause was dying away when former
governor David H. Francis, of Mis-
souri, secured recognition and de-
clared:

"In one thing at least, I agree
with Mr. President that is that the
time for speeches has passed. The
way to dig this channel is to dig it.
The people who must dig it are the
federal officers. The Mississippi river
is under the control of the federal
government. We of the states can-
not improve it if we would. I am
sick of the delays and excuses. Com-
ing down the river, I listened to
questions innumerable as to the fea-
sibility and practicability of the four-
teen foot plan. The plan has been
declared practicable and feasible by
a board composed largely of army
engineers. All we need is money.
The federal government must have

Can You Tell the Cause of your
Trouble?

Are you sometimes discouraged,
and think you'll never be any better?
Can you tell the cause of your
trouble, or what makes you sick?

Do you know that about nine-
tenths of all sickness is caused by
kidney trouble?

Have you ever stopped to think
that your kidneys may be the cause
of your poor health?

Most people do not realize how
much work the kidneys are required
to do every day.

Every drop of blood in the body
must pass through and be filtered by
the kidneys thousands of times a
day.

How can they do their work well
if they are sick?

If your kidneys need treatment,
Dr. Kilmer's Swamp Foot, the won-
derful kidney remedy, will prove to
be just the medicine you need.

If you will write to Dr. Kilmer &
Co., Binghamton, N. Y., every read-
er of this paper, who has not already
tried Swamp Foot, the great Kidney,
Liver and Bladder Remedy, may re-
ceive a sample bottle by mail, abso-
lutely free. You can purchase the
regular fifty-cent and one-dollar size
bottles at all drug stores.

to provide that and will, if we make
them. Therefore, sir, I move we
adopt the following resolution:

"Resolved, That the president of
the Lakes-to-the-Gulf Deep Water-
ways association, be requested to
appoint 500 delegates to visit Wash-
ington and present to the proper
committee of congress and to the
heads of our government, resolutions
adopted at this convention and at
the same time act as delegates to the
rivers and harbors congress to be
held in Washington, December 8, 9
and 10."

There was silence for a moment
in the big hall, where the twilight
was but lightly dispelled by the il-
lumination. Then some one gave the
rebel yell, and the resolution was
adopted with a whoop. The regular
report of the resolution committee
was also adopted. These measures,
"We should and without needless de-
lay enter upon a definite policy of
waterway development, beginning
with the improvement of the
Mississippi and Illinois rivers as the
main trunk of the great waterways
system, in such a way as to open
effective navigation between the Gulf
of Mexico and the Great Lakes, the
trunk line to be developed with re-
disparagement of and constant refer-
ence to the concurrent develop-
ment of the tributaries, canals and
connecting passages required for a
comprehensive navigation adapted to
the rapidly growing commercial needs."

The resolutions recited as one of
the reasons for the demands, that
the Mississippi valley contains more
than one-half the population of the
United States. The arguments of the
opponents were condemned. Hordes
of small denunciations were urged
and development of waterways as an
investment rather than a concession
of piece meal experiments is de-
manded.

Above all it was insisted that a
minimum depth of fourteen feet for
low water was one of the cardinal
principles of the association.

The convention adjourned for the
day in a whirlwind of enthusiasm
started by Francis' speech.

The addresses of Representative
Ransdell, of Louisiana, president of
the national rivers and harbors con-
gress, Secretary of War Dickson
and Chief Forester Pinchot were the
principal features of the second day's
session of the deep waterways con-
vention. Many of those counted upon
to participate in today's discussions
had departed. This was especially
true this afternoon, only about a
hundred being present when the late
afternoon session opened.

Speaker Cannon's Letter.

Speaker Cannon was expected to
speak today, but he sent President
Kavanaugh the following letter:

"I am called to Illinois by a man-
datory telegram. Will you present
my regrets. I assure the convention
that I am in harmony with the var-
ious solutions practicable of the en-
gineering problems in connection
with the construction of the Lakes-
to-the-Gulf Deep Waterway. With
the adoption of a plan, thereon, I
am as ready as any citizen and rep-
resentative to support the plan for
ample appropriations for a speedy,
effective and continuous prosecution
of the work upon such a waterway
until it is finished."

Senator Lorimer.

The time allotted to Mr. Cannon

was given to Senator Lorimer, of
Illinois. Mr. Lorimer described the
birth of the waterway idea, the
troubles of its infancy, the objections
and obstacles its creators faced. He
said:

"We had no presidents to assist
us; no congressmen nor senators to
help us. Even now certain gentle-
men, when approached about the
project, step around as though they
might trample upon eggs. But I don't
blame them. I studied the question
five years before I was willing to
say that the plan was feasible. I
went to the army engineers, river
pilots and other experts. They said
the scheme was simply out of the
question."

Lorimer discussed the gradual
change in the view of the engineers
read recent reports showing that a
fourteen foot channel was feasible
and pleaded for the persistent fight
for the 14 foot plan. He said his
idea was that the best plans were a
lock and dam system at the cost of
\$25,000,000 or the regulation system
of \$52,000,000.

Lorimer pointed out that the Ohio
and Missouri rivers must be im-
proved in order to minimize the ef-
fects of their silt discharges in to
Mississippi and that the ten 14 foot
channel meant minimum. It meant,
he said, that there might be as much
as 24 feet of water in the channel
four months every year.

The launching of these various
questions in connection with the im-
provement of the Mississippi and
its tributaries caused animated
discussions. The sentiment was
divided; some were disposed to fol-
low the advice of Taft and decide
just what was feasible and advisable
before going ahead, but the vast ma-
jority clung to the slogan "14 feet
through the valley."

Tribute to Women.

A surprise was sprung this after-
noon when President Kavanaugh
said: When two years ago, the
Woman's National River and Harbor
Congress was organized many laugh-
ed. Today that congress has a mem-
bership of 3,200. When we have the
women with us, we must win. I
want to present Mrs. Boyle Tomp-
kins of Shreveport, La., president of
the Women's Rivers and Harbors
congress."

President Ransdell Speaks.

"The demands of commerce fully
warrant a large expenditure to con-
nect our great lakes and the gulf
with a waterway of suitable dimen-
sions for all present and prospective
needs. National pride prompts me
strongly. We need this connection
in river to permit free interchange
by cheap water transportation be-
tween the innumerable cities and
towns of the Mississippi Valley and
those of the great lakes."

Thus Representative Joseph E.
Ransdell, of Louisiana, president of
the National Rivers and Harbors con-
gress, opened his address before the
Lakes to the Gulf Deep Waterway
convention.

Factors Levee System.

"All I possess and the property
and homes of those I love the best,"
he said, "are in the wake of the
river's fearful floods. To me, to my
closest friends, and to many thou-
sands in Louisiana the levee question
is uppermost whenever we speak of
waterway appropriations, and as the
most eminent engineers agree that
the surest way to deepen the river
channel and at the same time protect
the levees is by a system of revee-
ments to prevent the banks from
caving, it is plain I have a double
interest in a deeper river. Moreover,
the great city of New Orleans, the
pride of Louisiana, would probably
derive more benefit from this project
than any other city. Self interest,
state pride, and patriotism, all in-
fused me to do my utmost for it con-
sistent with my duty to other sections
as a member of the rivers and har-
bors committee, which legislates for
the waters of the whole nation."

Public Should Own Landings.

"But in order to insure the best
use of waterways, great care must
be taken to preserve the terminals
on all watercourses for the common
use on equal terms to all carriers by
land and water. Unfortunately we
have been so careless about this that
in many places all access to water
fronts is controlled by a railroad or
private corporation which shuts out
its competitors from use of the water
that was given by Nature's God to all
the people and improved by a bene-
ficial government for all the people.
This is wrong and should be remedied
by having the public resume its
title under power of eminent do-
minion."

EARLY RESUMPTION

ANTICIPATED IN OHIO RIVER
TRAFFIC.

Wash. Rivermen Foresee Rise This
Month—Cargo Boats Is Getting
Ready.

"It looks like an early resumption
of navigation, especially in the upper
Ohio," said a well known riverman
this morning. "All we need is a bit
of the improvement on the part of the
weather and some good rainy days
later in the day."

In spite of the fact that the river
here is at a low stage, and all of
the river people are anxious to be
ready for the first of the season, the
fact is that the river is in the
upper Ohio and an outlook for a fine
season is expected before many days. Thus
certainly before the next rain comes
a goodly number of boats are in the
Ohio river.

IN SOCIAL CIRCLES

Hallowe'en Party.

A delightful Hallowe'en party was
given last Saturday night by Master
Chester Hillard, at his home in
Brookport, Ill., a few attending from
Paducah. The evening was pleasant-
ly spent with music and different
games and contests appropriate for
Hallowe'en were indulged in. Tempt-
ing refreshments were served after-
wards. Those present were: Amy
Davis, Maud Davis, Marie Whallu,
Eugene Butterworth, Gale Dugan, Lila
Holt, Grace Hardon, Ray Black, Joe
Lytham, Robert Black, Jess Jackson,
Emma Goughbacher and Joe Davis.
Those from Paducah who attended
were Miss Beldan Reeves and Messrs.
Frank Page and Harry Cloyd.

Pastor and Bride Are Home.

The Rev. and Mrs. U. H. Smalley
returned home this morning from
Chicago and the east, where they
have been on their bridal tour. The
ceremony took place in Corinth,
Miss., last Wednesday. The Rev. Mr.
Smalley is pastor of the Second Baptist
church, and his many friends
welcomed him and his bride.

Bride Party for Visiting Guest.

Mr. and Mrs. William F. Brad-
shaw, Jr., will entertain with a
bride party this evening at their
home, 1526 Broadway, in honor of
Mrs. Traline Lawrence of Natchez,
Miss., who is the guest of Miss Eloise
Bradshaw. There will be six tables.

Delightful Hallowe'en Party.

Miss Rosa Thurman delightfully
entertained last evening at her home,
309 South Third street, with a Hal-
lowe'en party in honor of her guests,
Miss Blanche Ivant, of Sheridan,
Ky., and Mrs. Iva Pettit, of Cairo,
Ill. The house was beautifully de-
corated with autumn leaves, ferns and
poinsettias and the portieres between the
parlor and reception room were ar-
ranged to admit guests with apples and
autumn leaves. The interior was
lighted with Jack-o'-lanterns, pre-
sented a ghostly appearance. The
guests were met at the door by a
witch and each one was required to
say "bread and butter" before being
permitted to pass by the ghosts that
were outside the house. Miss Eloise
Bradshaw made a capital fortune
teller, occupying a tent effectively
arranged in one corner of the room.
Music and appropriate games were
features of the evening. The re-
freshments carried out the Hal-
lowe'en idea and consisted of salad,
sandwiches, pickles and apples, elder
and gingerbread.

Those present were: Misses
Blanche Ivant, of Sheridan, Eliza-
beth Wells, Katie Meyer, Katie War-
ren, Jessie Goulloux, Ida Weiman,
Chera Phillips, Marie Roth, Lalla
Hedeman, Mabel Berry, Edna Ken-
nedy, Anna Adams, Elsie Hewes-
cher, Orance Flossie, and Rosa
Thurman; Mesdames Iva Pettit, of
Cairo, Ill.; C. King, E. C. Arnold,
Georgia Holliday and Messrs. H. C.
King, E. C. Arnold, Joseph Kresky,
N. E. Brandon, Joe Roth, Charles
Kegan, Bert Wynn, Frank Dettor,

Ruehling, Elmer Kretzer, Richard
Rehault, A. J. Smith, David Smith,
Jess Thurman and D. W. Thurman.

Pretty Party.

Misses Katherine Bailey and Lu-
cinda Wilks entertained a few of
their friends at the residence of Mr.
and Mrs. A. E. Johnson, 1332 Broad-
way, Monday evening from 8 to 11.

The house was beautifully decorated
with Hallowe'en ideas. Refreshments
were served at 10 o'clock. Those
present were: Misses Nina Shups on,
Luth Deischinger, Jennie V. Lane,
Ethel McIntosh, Ruby McIntosh, Lena
Wilks, Katie Meyer, Esther Halford,
Gladys Coleman, Elizabeth Hinde-
man, Lucinda Wilks and Katherine
Bailey; Messrs. Webster Morgan, Henry
Hindle, Olin Hutchinson, Henry Osh-
chlaeger, Henry Bundesman, Ray
Parker, Hmel Lee, Eldridge Smith,
Warren Johnson, Gordon Johnson
and Milton Johnson; Mr. and Mrs.
A. E. Johnson, Mr. and Mrs. J. L.
Johnson and Mr. and Mrs. Cecil
Giblin.

Charming Afternoon Tea.

Mrs. Elsie Bradshaw was the
hostess at a pretty and informal af-
ternoon tea, Monday from 4 to 6
o'clock at her home, 1526 Broadway,
in honor of her charming house
guest, Mrs. Traline Lawrence of
Natchez, Miss. The spacious home
was effectively decorated throughout
with the white and yellow chrysan-

themum, and presented a most at-
tractive appearance.

Receiving with Miss Bradshaw and
Mrs. Lawrence in the parlor were:
Mrs. William F. Bradshaw, Jr., Miss
Lillian Gregory, Miss Adine Norton
and Miss Fath Langstaff.

In the library a punch table was
effectively arranged. Mrs. Gilbert
Reynolds presided at the punch bowl
and were assisted by Miss Elsie
Hodge, Miss Philippa Hughes and
Miss Katherine Powell.

The dining room emphasized the
yellow and white motif both in the
upholstering of the pretty tea table
and in the salad course luncheon
and bouquets. Miss Jesse Hopkins
poured the tea. Mrs. W. F. Brad-
shaw and Mrs. Charles K. Wheeler
revelled here. Mrs. J. D. Wilcox
invited the guests into the dining
room.

Hallowe'en Social Evening.

The young ladies of the Arcadia
district entertained their friends in a
pleasant social way last night at the
Good Shepherd house. It was a Hal-
lowe'en party and the house was pret-
tily decorated with autumn leaves,
flowers and Hallowe'en devices. The
Schmuck orchestra played during the
evening and various games were fea-
tures. It was an enjoyable occasion.
About 60 people were present.

Pretty Evening Party.

Mrs. Harry Garrett entertained a
few of her young friends last evening
at her home on Clay street with a
Hallowe'en party. The house was
prettily decorated for the occasion,
and the color scheme of
brown and gold was emphasized by
the autumn leaves and festoons of
yellow ribbon about the rooms.
Dancing, games and contests were
the features of the evening. Delic-
tious refreshments were served in
the dining room, where the decora-
tions effectively carried out the color
motif.

The Paducah chapter of the U. D. C.
is meeting in the auditorium of the
Woman's club this afternoon. The

the program of the afternoon. The
officers will be the hostesses of the
meeting.

Matthews Corlies.

The Paducah Daily Commercial of
November 1, says:

"On Wednesday, Nov. 1, at the
home of the bride's parents in Padu-
cah, Miss Eva Matthews will be mar-
ried to Dr. Eugene E. Corlies, of
Frankfort, Ill.

"This announcement comes in the
nature of a surprise to the many
old friends of the bride-to-be.

"Miss Matthews formerly lived
here and was one of the most sym-
pathetic and popular girls in Fulton."

Madame Musical Club Program for
Wednesday.

The Madame Musical club will
meet on Wednesday afternoon at 3
o'clock at the Woman's club build-
ing. Mrs. John W. Little is the lead-
er for the afternoon. It will be a
song-eve and the program is a most
delightful one, as follows:

Current Topics — Mrs. John W.
Little.

Song Cycle — Lyrics from "Told in
the Gate" — Chas. W. Words by
Nelo Bates.

1. "Sweetheart, Thy Lips are
Touched with Flame."

2. "Sings the Nightingale in the
Rose."

3. "The Rose Leans Over the
Pool."

4. "Love's Like a Summer Rose."

5. "As in Waves Without Num-
ber."

6. "Dear Love, When in Thy
Arms."

7. "Was I Not Thine?"

8. "In Mead Where Roses
Bloom."

9. "Sliver Falset. Why Art Thou
Slighing?"

10. "O Let Night Speak of Me."

11. "I Sold to the Wind of the
South."

12. "Were I a Prince Egyptian."
Soloist—Mrs. Lela Wade Lewis.
Accompanist—Miss Constance Pur-
year.

Theatre Club Postponed.

The meeting of the Theatre club
with Miss Elizabeth Boswell in Arca-
dia for this afternoon was called in
on account of the death of Miss Bos-
well's grandmother Mrs. T. J. Pickett
in Lincoln, Nebraska.

Dick Scott to Lecture at Woman's
Club.

Mr. Richard I. Scott, who will be
seen here on the night of Wednesday,
November 10, playing Cardinal (Am-
perius to Louis James' Henry VIII
in Shakespeare's play has graciously
accepted the request of the Padu-
cah Woman's club to lecture that af-
ternoon at the club house on Shake-
speare. Mr. Scott spent Sunday here
with his mother, Mrs. M. K. Scott,
coming from Memphis, where he play-
ed Friday and Saturday, and left yester-
day to rejoin his company at
Jackson, Tenn.

The popularity of Mr. Scott in Pa-
ducah will insure him a large and
appreciative audience at his club lec-
ture. To make the connection here
he will have to spend all of Tuesday
night on the train coming from Ev-
ansville, where he plays that evening.
Mr. Scott is a social favorite in his
home town and his success on the
stage gives wide pleasure here.

Loffen-Morton Wedding.

A pretty home wedding was that
of Miss Charlotte Loffen and Mr.
Denver Charles Morton last evening
at 7 o'clock at the residence of the
bride's parents, Mr. and Mrs. James
Loffen, 231 Owens street, marked by
the charm of quiet simplicity. The

mony.

The bride wore a becoming gown
of white with the veil, elaborately
trimmed in lace. She carried a bou-
quet of bride roses. There were no
attendants.

The colors white and green were
attractively carried out in the decora-
tions of the rooms. White chrysan-
themums, ferns and smilax being
effectively used. A number of relatives
and near friends witnessed the
ceremony. Punch and cake were
served during the evening.

Mr. and Mrs. Morton will make
their home with the parents of the
bridegroom, Mr. and Mrs. W. A. Mor-
ton, 1138 Broadway, until January 1,
when they will go to Chicago to
reside.

Mr. and Mrs. J. B. Parker, of
Walsh, Ill.; Mrs. William Darby, of
Edgar, Neb., and Miss Agnes Daly,
of Metropolis, Ill., were out-of-town
guests for the wedding.

Delightful Evening.

A number of the young friends of
Ortance and Henry Bougeno were en-
tertained most pleasantly Monday
evening at their home, 205 E. Third
street, with a Hallowe'en party. The
house was prettily decorated with
ferns, autumn leaves and fruits and
pumpkins, candles and fruits of all
kinds were served and each guest
was given a pumpkin stick-pin as a
pretty souvenir of the enjoyable
occasion. A prize was given in
the one carrying most beans across
room on knife. This was won by
Walker Dallas. Those present were:
Misses Ruth Shewell, Mary Dugan,
Ruth Parkin, Elizabeth Parkin, Tedy

NEWS OF COURTS

Will Probated.

The will of Mrs. Armada E. Bond
was probated in the county court.
She asked that property at 413 Eliza-
beth street be sold, the mortgage be
paid, and the remainder divided be-
tween her two sons, Roy and Stewart
Bond. She willed a piano to her son,
Stewart. She asked that the home
place on South Ninth street be used
for her husband and children, but if
rented the money will go to her ex-
ecutor. Joel G. Bond qualified as ex-
ecutor.

Deaths Filed.

Dan Willis, of Paducah, to M. O.
Sanders, property in Harris, Flour-
boy and Trimble's addition, \$1,300.
William Schmidt and Mary Schmidt
to Killian Schmidt, property in the
county, \$130.

Charles T. Trueheart, of Louisville,
to Henry Vaughan, property in the
county, \$150.50.

In Circuit Court.

No session of circuit court was
held today, owing to it being election
day. The docket for tomorrow is:
George Houston against M. E. Gil-
bert; City of Paducah against J. D.
Overstreet; Susan Shelton against
John W. Ogilvie, sheriff of Mc-
Cracken county; Add Hughes against
Horace English.

In Bankruptcy.

The first meeting of creditors in
the case of Sam L. Hyatt has been
called for November 11.

The automobile which was the
property of A. Pollock, a bankrupt
jeweler, has been resold. Cecil Reed
bought the machine for \$100.

Efforts of the police today to lo-
cate Mrs. Martha Morris and her two
children, Florence and James, who
are thought to reside on the north
side of Paducah, were futile. A
search was begun this morning after
the arrival of Martha Morris, aged
15 years, daughter of the woman,
from Nashville where she has been
living with relatives, and the police
are still scouring the city. The girl
came to Paducah to live, and unable
to find her mother asked the help of
the police. The names of Florence
and James Morris who are said to be
attending school here, could not be
found in the school records after
an investigation by Patrolman Rice
and Superintendent J. A. Carnagey.
The girl will be cared for by the au-
thorities until her mother can be
found.

LACK OF SPIRIT IN THE PIT

DISPLAYED BY BOTH SELLERS
AND BUYERS IN WHEAT.

Market Fluctuates Slightly During
Week—Corn Develops
Strength.

OATS BETTER AND EXCHANGED.

Chicago, Nov. 2.—A lack of spirit
was displayed by both the buyers
and sellers in the wheat market last
week, and, as a result, prices fluctu-
ated over a very narrow range and
closed the week with very slight net
changes over the previous week. Dis-
cember was 1/2 cent higher, July
gained 1/4 cent and May was un-
changed. The December option again
advanced to a slight premium over
the May. This was due, the trade be-
lieves, mainly to the buying of that
month by Bartlett-Patten and Ar-
mour. Traders who have been watch-
ing developments say that there are
several commission houses of the
larger caliber that are heavily short
of December wheat.

Market Fluctuates.
Fluctuations were of the nervous
sort all week, and there was hardly a
time when the trade was not puzzled
to know what to expect. It was plain
that only a few to guess the next turn prices would
professionalism were playing the bull
side, but nevertheless they had en-
ough strength and influence to make
bulges of 1 to 2 cents at times. Dis-
ciple a prevalence of bearish senti-
ment the market just at present re-
sponds easily to buying and gives
way stubbornly and only fractionally
to selling. In fact, short selling
makes apparently no impression at
all, and it seems to require a bulge-
ing of the market to give buyers
to make much impression for lower
prices.

Many Traders Bearish.
A great many traders are bearish.
It was said that there were no big
lines of wheat held, and that the
short interest in the pit had been in-
creased during the week. The pit
element has been so badly whipped
by selling wheat on the break that
they are inclined to indulge in an
effort to talk prices down than they
are to force it by selling short. It
is believed by a few close observers
that a few of the leading bears who
have sold throughout the recent ad-
vance have increased their lines dur-
ing the last few days. Some who are
radically bearish predict that Decem-
ber will go to a discount under the
weight of the excess of primary receipts
over last year's.

Farmers Holding Grain.
The bears now believe that the
southwestern winter wheat conditions
have been the bullish factor the
past few months, are to be the
bear card for the next two months.
Cash people told of increased offer-
ings of soft and hard winter wheat
and a decreased milling demand.
The receipts at St. Louis and Kansas
City daily are doubling those of a
year ago, but reports from the inter-
ior tell a vastly different story.
Farmers' offerings are drying up, ac-
cording to country elevator men, and
the holding disposition is again in
evidence. Kansas City reported late
in the week that wheat was be-
ginning to pile up there and elevator
men was hard to get. The mills
were blocked, said the report, being
unable to get shipping instructions
on flour already sold. It is believed
that the farmers of Nebraska and
Kansas are following the advice of
the Society of Equity and are holding
their grain until officers of that or-
ganization tell them to let go. While
no one concerned will talk on the
subject, it is the impression that they
are holding out for \$1.15.

Milling Situation Quiet.
Consideration of the wheat possi-
bility cannot be serious without tak-
ing the milling situation into account.
The milling demand is just at present
the keynote of the situation. It is
probable that milling activities are
somewhat above the normal, tak-
ing the country as a whole. They
certainly approach the phenomenal
in the spring wheat country, but the
spring wheat miller is now getting a
vast amount of the business that un-
der a different scale of prices would
be going to the winter wheat miller.

Cash Wheat at Stiff Premium.
That the latter is not entirely a
case of the running is due largely to its
geographical position and the fact
that its customers reduced their
stocks to the lowest possible working
basis for months previous to harvest
and probably have not much more
than restored their supplies to nor-
mal since. The miller, however, is
providing for his future wants be-
yond the usual. This extra demand,
coming as it does against a holding
sentiment on the part of the farmer
that is more pronounced and effec-
tive than it has probably ever been
before, has worked both ways to
keep cash wheat at a stiff premium.
Both of these factors may prove ele-
ments of weakness in the situation
later, particularly if the European
markets continue to supply them-
selves without difficulty elsewhere.
Developments continue to show a
more gratifying prospect of large
shipments from Argentina during the
first half of the coming year—in fact
liberal sales of the new crop have al-
ready been made to Europe for ship-

SUFFERING ENDED W. J. Gilbert Sells the Remedy That Cured Stomach Trouble of 11 Years.

And best of all W. J. Gilbert guar-
antees it to cure you or money back.
Read this:
"I have been a great sufferer for 11
years, everything I ate gave me heart
burns. I have a ver been able to get
anything that would give me any re-
lief until a friend of mine insisted on
my taking Mi-o-na. I took a 50 cent
box and I believe I am entirely well."
F. M. Bryant, Newman, Ga., June
5th.
Mi-o-na is not a nostrum; it is the
prescription of a celebrated physician
who is a specialist in stomach dis-
eases.

One clever woman calls Mi-o-na
the Sunshine Prescription because it
changed her from a miserable, nerv-
ous dyspeptic into a bright, healthy,
happy woman in a few weeks.

These little Mi-o-na tablets are
surely wonder workers. They abso-
lutely cure indigestion whether acute
or chronic.

They stop hiccups, gas in stom-
ach, and heaviness, in a few minutes.
Distress after eating vanishes as if by
magic when one or two little Mi-o-na
tablets are swallowed.

cah by W. J. Gilbert. Test sample

ment later. Australia, too, has the
finest crop prospect in years, and the
crop in India starts well, with the
average large.

Corn Develops Strength.
Corn was extremely dull during
the early part of the week, but later
undeniable strength was developed.
It was discovered that there was a
very large short interest and that the
market was well filled, with resting
orders to buy on each fractional de-
cline.

Nebraska farmers and grain deal-
ers, as well as miscellaneous specu-
lators west of the Missouri river,
were showing a most resolute con-
fidence in corn prices. Their purchases
were made several months ago,
when the reports of the big losses
suffered in Oklahoma and Kansas
were received. Every effort has been
made to discharge these holdings, but
without success. The aggregate is
enormous, and its stubborn retention
explains in large part the failure of
the bears to make any lasting impres-
sion on the corn market.

Shorts in Bad Way.
A single city of fair size in Ne-
braska placed buying orders for 1,
000,000 bushels, mostly May corn,
with a local firm some months ago,
and there has been scarcely any dis-
turbance of the property since. This
is but an instance of the big interest
in corn held west of the Missouri
river, and it means ill for the shorts
here. With an able leader it would
not be a difficult matter for the bulls
to force a material upturn in corn,
as there is a big short interest. The
big short lines are concentrated, and
it is estimated that is short anyway
from 10,000,000 to 15,000,000 bush-
els.

December corn last week advanced
1/2c. May was unchanged over the
previous week and July gained 1/4c.

Oats Dull and Featureless.
The oats market was dull and
featureless, with prices closing the
week at precisely the same figures as
the previous week's close. The chief
sustaining feature in the oats market
is a fairly good shipping demand
from the east.

An unusually large business has
been done in the provision pit dur-
ing the week and at a decidedly
higher level of prices. New invest-
ment buying was very much in evi-
dence, with the result that quite a
number of shorts were made uneasy
and forced to cover. Packing statis-
tics were the chief bullish feature.
Packing operations at the principal
centers are far short of last year.
Since March 1 last the shortage is
2,025,000 hogs and receipts are con-
tinually growing smaller. January
pack gained \$1.22 per barrel last
week. Lard was 50c higher and ribs
advanced 5c for the week.

SHERIFF SHIPP LOSES APPEAL

MOTION TO REHEAR CONTENT
CASE OVERRULED.

Fine or Imprisonment at Discretion
of Supreme Tribunal for Chat-
tanooga Officers.

NOV. 15 IS SENTENCE DAY.

Washington, Nov. 2.—The annual
proceeding of an arraignment for
sentence at the bar of the supreme
court of the United States will be
witnessed two weeks from today in
accordance with an announcement
made today in the cases of Joseph H.
Shipp, of Chattanooga, Tenn., con-
tempt. The court today denied mo-
tions for a rehearing of the cases.

The cases originated in the court's
decision in March, 1907, to consider
the appeal of a negro named Ed John-
son from a verdict of the Tennessee
court holding him guilty and sen-
tenced to be hanged on a charge of
climatic assault. The night after the
determination of the supreme court
to review the proceedings in the case
was wired to Chattanooga, where
Johnson was confined in jail, a num-
ber of people stormed the jail and
took him out and lynched him.

The court was much incensed over
the lynching, and at its instance the
attorney general instituted proceed-
ings against Shipp who was the sheriff
and the jailer and twenty-five oth-
ers, supposed to have been implicated
in the lynching, charging them with
contempt of the supreme court. Many
of the accused were exonerated and
in the end only six were found guilty.
These were Sheriff Shipp, his deputy,
Jeremiah Gibson, who was the jailer,
Luther Williams, Nick Nolan, Henry
Piddgett and William Mayes, resi-
dents of Chattanooga.

Defendants Got Delay.
The finding of the court was an-
nounced in May just before the
close of the last term of the court,
but all defendants entered motions
for a rehearing, which had the effect
of postponing action until the present
term. The court today, through
Chief Justice Fuller, announced its
decision of the motions, the chief jus-
tice stating at the same time the de-
cision to have the defendants appear
on November 15 to receive sentence.
It will be the duty of Marshal
Wright to present the men in court,
but he said today that he expected all
of them to appear to hear the court's
verdict, which would relieve him of
the necessity of going to Chattanooga
after them.

The court has the discretion either
to fine or to imprison the men or to
indict both penalties. It is only known
that from the beginning of the pro-
ceedings the court has appeared ex-
ceptionally interested in the case,
and is believed to feel that an exam-
ple must be made to prevent other
indignities to the court. It is rec-
alled, however, that several of the mem-
bers of the court, among whom was
the late Justice Peckham, dissented
from the verdict of the majority,
which may have the effect of less-
ening the severity of the sentence.

The only instance of a sentence
for contempt in the court's history
occurred in 1875, when one John
Chiles, who was concerned in dan-
gel in Texas indemnity bonds, con-
trary to an order of the court, was
ordered to pay a fine of \$250 for con-
tempt. This time there will be six
men instead of one, and the proceed-
ings will therefore be unprecedented
as regards numbers.

All the defendants assert inno-
cence. Shipp and Gibson declare
there was no advance indication of
violence to Johnson, and say that
otherwise they would have taken bet-
ter precaution. Most of the other
men implicated claim not to have
been present when the negro was
killed by the mob.

Decision a Surprise.
Chattanooga, Tenn., Nov. 2.—The
news from Washington today to the
effect that the supreme court of the
United States had refused to grant a
rehearing of the Shipp contempt
case was received by Capt. Joseph P.
Shipp and his five codefendants with
much surprise. The attorneys for
the convicted parties were greatly
surprised that the case was on call
today, no notification to this effect
having been given.

Capt. Shipp, after recovering from
the shock of the news, said that later
he would have something to say, but
after consulting his attorneys he de-
cided that it was best to preserve al-
lence.

Jeremiah Gibson, the aged jailer,
who is summoned with the others to
appear in Washington, Nov. 15, to re-
ceive sentence, was almost prostrated
by the news. He is 76 years of age
and his case is the more pathetic of
the six.

No Case on Record.
There is no case on record of a
cough or cold resulting in pneumonia
or consumption after Poley's Honey
and Tar has been taken, as it will
stop your cough and break up your
cold quickly. Refuse any but the
genuine Poley's Honey and Tar in a
white package. Contains no opiates
and is safe and sure. Gilbert's drug

S.S.S. NATURE'S CURE FOR BLOOD POISON

Not only its proven ability to cure, but its absolute safety as a remedy
has made S.S.S. the most desirable of all medicines for the treatment of
Contagious Blood Poison. S.S.S. is made entirely of roots, herbs and
barks of the forests and fields. It does not contain a particle of mercury,
potash or any other harmful mineral to injure the delicate parts of the
system, impair the digestion, corrode and irritate the lining of the stomach,
or in any other way injure the health. It is Nature's blood purifier,
harmless in its action and certain in its good results. S.S.S. removes the
poison from the circulation, enriches the blood, and safely and surely cures
Contagious Blood Poison. It builds up and strengthens the system by its
tonic effects and leaves the patient not only cured of the disease, but
stronger and in better health in every way. If you are suffering with
Contagious Blood Poison S.S.S. is your most certain reliance, an honest
medicine, and because of its vegetable purity, a safe treatment for any one.
We have a special book on home treatment which explains fully the differ-
ent stages of the disease, also suggestions that will be helpful to you in the
treatment of your case. We will be glad to send this book together with

Movement of Freight Cars on In-
crease—Improved Conditions in
Coal and Iron.

SAYS BUREAU OF STATISTICS.

Washington, Nov. 2.—Prosperity has arrived, according to a statement issued today by the bureau of statistics of the department of commerce and labor. During September the business of the country and the movement of railway freight cars reached proportions which exceeded those of the same month last year.

These improved conditions are most pronounced in the coal and iron trades. The movement of lumber also was somewhat heavier. From Virginia and the Carolinas the shipment of lumber increased 55 per cent. over September of last year.

There was a considerable slump in the receipts of grain and flour at the four leading seaports, and the receipts of grain at fifteen of the principal interior markets likewise were below the aggregate for September, 1908. A similar condition is uncovered in the shipment of packing house products from Chicago, the chief slump being on canned meats, which show a relative loss over the corresponding figures of 1908 of approximately 45 per cent.

The report shows that the September total of cars handled was 2,992, or about 10 per cent. in excess of the corresponding month of last year.

HOME CURE FOR ECZEMA.

Oil of Wintergreen, Thymol and
Glycerine Combined, Used as
a Single Wash?

Does it not seem strange that so many people suffer year in and year out with eczema?

A 25 cent bottle of a simple wash stops the itch and will quickly convince any patient.

This wash is composed of mild and soothing oil of wintergreen mixed with thymol and glycerine, etc., and known as D. D. D. Prescription. It has now been used for so many years and has proved so highly successful, that we do not hesitate to express our confidence in the remedy. And we surely feel that every reader of this paper who suffers from any skin disease, or knows of any sufferer, will not hesitate to get a 25 cent bottle on the present special offer. We do not know how long the D. D. D. Laboratories will continue this special 25c offer, as the remedy is regularly sold only at \$1.00 bottles and has never before been put on the market on any special offer.

If you want relief tonight for that on our recommendation.

I'd Like to See the Liver of a Fat Man

This is the expression of a medical man who said that the liver of a fat man must present a wonderful sight when that man is alive and performing his regular duties. The liver is not right. On popular demand we have made the famous Marmola Prescription into Tablets which are eaten after meals just like food and they digest that food as it should be digested. They remove fat already accumulated at the rate of from 12 to 15 ounces per day and leave no wrinkles or flabby skin. Carry one in your vest pocket or purse when you dine out and eat what you will. Eating, diet and exercise will not reduce fat. You only starve the body and by tearing down other organs you bring the fat with the rest of the destruction. Marmola tablets are sold by all druggists and in greater quantity than all the other so-called fat reducers combined. There must be merit in them or their sale could not be growing larger every month. Ask any druggist or if you prefer send 75 cents to The Marmola Company, Dept. 110, Detroit, Mich., and they will send you a large case of Marmola Tablets in plain package by mail.

Burning.

FIREMAN IVEY WAS KILLED

Trenton, Tenn., Nov. 2.—Yesterday morning at about 3:20 o'clock a special train, running at the rate of about 40 miles an hour, ran into a burning trestle just south of town, the trestle giving way under the weight of the train, the train being derailed. The engine turned over, falling down an embankment, the cars and track being badly torn up, resulting in the instant death of one man, the expected death of another and quite a number of others bruised and hurt. The dead and injured are as follows:

Plank Ivey, fireman, of Jackson, Tenn., instantly killed.

Charles Primble, head brakeman, Jackson, Tenn., badly injured.

Dolan Parker, engineer, not dangerously hurt.

Ed Ramer, of Trenton, Tenn., slightly hurt.

Owens, of Dyer, Tenn., slightly hurt.

Other passengers, negro, slightly hurt. Some others were somewhat shaken up, having a few bruises and scratches.

The train was a special with a crew of workmen, on its way to Rutherford to repair a trestle which had burned. The engine had just gotten over the trestle when it gave way. The fire from the burning trestle set the cars on fire and all burned except the caboose.

No trains were run over this road after the wreck until 5 o'clock yesterday afternoon. Immediately after the wreck a large crowd of Trenton citizens gathered at the scene of the catastrophe and assisted the injured and aided in every way possible. The dead and injured were brought here, and later the injured trainmen were carried to Jackson.

EDITOR ZUMOTO SPEAKS

New York, Nov. 2.—Editor Zumoto, of the Japanese commercial envoys that are here to promote closer business relations between the United States and Japan, played a little joke on his audience at a luncheon the Japan society and the Peace society gave in honor of the envoys at the Hotel Astor.

The editor, who was delivering a speech objecting to public men and orators blaming the newspapers when ever anything indiscreet was done or said, suddenly became very grave. He said slowly and impressively:

"It must be admitted that the question of war with the United States was at one time seriously debated in Japan. More than that, we were actually on the point of unsheathing our sword against you."

The banquet room was pretty quiet about that time. Three hundred men and women who were following Mr. Zumoto leaned forward, listening intently, wondering what was coming next. The editor went on without a smile.

"But that was over half a century ago, when we had no newspapers whose circulation had to be increased. The question of war and peace between Japan and America was considered and decided more than 50 years ago. The decision was in favor of peace and friendship with America for then, for now and forever."

Among Those Present.

Mr. Zumoto smiled waggishly over his curling black beard and the room sounded with laughter.

Dr. John H. Finley, the president of the College of the City of New York, was toastmaster at the luncheon. Some of the hosts of the Japanese commercial ambassadors were Prof. John H. Clark, R. Fulton Cutting, Richard Watson Gilder, Hamilton Holt, Chancellor MacCracken, of New York university; Lindsay Russell; William J. Schieffelin; Jokichi Takamine; Jacob H. Schiff; Charles E. Jefferson; S. Parker Colman; K. J. Imabuchi; Henry Cress; R. Arad; Eugene C. Weston; Col. Robert M. Thompson; Henry M. Leichter; J. Inouye and William H. Short.

Dr. Finley assured the Japanese business men that they were thoroughly welcome in this city and spoke of his own gratification that the relations between the United States and Japan are so amicable. The Rev. George William Knox, Prof. Clark and George McAdams, president of the City Club, welcomed the envoys on behalf of the Japan society and the Peace society.

Editor Zumoto made the principal response in behalf of his fellow countrymen. He said they have had to listen to a great many speeches from Seattle to New York, and he had heard frequent references to the press. He was sorry to say that most of the allusions had been hostile. He didn't like that. He didn't think it was deserved.

"The press has served as a convenient scapegoat for people who had an unpleasant incident to explain away," said Mr. Zumoto. "It was always the press that was wrong—no body else was to blame for anything. (Laughter.)"

Invention of the Editors.

"The game was started by no less a personage than the president of the United States, who told us at Minneapolis that all the talk of war between the United States and Japan was the invention of editors who wanted to increase the circulation of their newspapers. So far as President Taft is concerned (Mr. Zumoto smiled broadly here), I can readily forgive him, for great men like him do not have to read the newspapers. (Laughter.) They generally leave that part of their business to their private secretaries. Undoubtedly Mr. Taft got his inspiration from that talented source.

"No such excuse can be urged in favor of men who are supposed to read their own newspapers and therefore to know better. (Laughter.) The accusation is, I believe, undeserved by the press of the United States. It is, I am glad to be able to say, undeserved by the press of Japan."

After Mr. Zumoto had sprung craftily his little war joke, he said that even the yellowest of the Japanese newspapers had not printed articles antagonistic to the United States during the hottest of the war years. He thought that the press of this

The Greatest Sale and Display of Furs in the History of Western Kentucky

In addition to our regular large stock of High Grade Furs we have obtained for this event over \$4,000.00 worth of the very finest skins that America affords. We will have these goods on sale and display Wednesday, Thursday and Friday—then those which are unsold will be returned to the Canadian Manufacturers. You see we take no risk in having these goods here, therefore we will sell them at a very narrow margin of profit. This is an exceptional opportunity to procure fine Furs at a moderate cost. There are every kind here—Lynx, Mink, Otter, Seal, Astrachan, Sable, Beaver, Wolf, Fox, Ermine and all other desirable kinds. The price range from \$5 to \$500.00.

We call your attention to our window display in which we show many rare skins in the crude state. You must come and investigate this display—it will be an education in itself.

Clarksville Tobacco.

Clarksville, Tenn., Nov. 2.—The receipts in the independent market last week were very light only three hogsheds, and sales nine hogsheds. The local salesman of the Dark Tobacco Growers' Association reported the sale of one hogshend and three hogsheds on hand. The loose tobacco market has opened at seemingly satisfactory prices to the planters. Prizing houses and loose floor warehouses are ready for the receipt of tobacco as soon as a favorable delivery season presents itself. The following prices are quoted: Trash \$4.00 @ 4.25; low hogs \$1.50 @ 5.00; common hogs \$3.25 @ 5.75; medium hogs \$5.00 @ 6.50; good hogs \$6.50 @ 7.00; low leaf \$7.00 @ 7.50; common leaf \$8.00 @ 8.75; medium leaf \$9.25 @ 10.25.

RESULTS.

IF YOU HAVE A FIRE AND ARE NOT PROTECTED BY A GOOD POLICY, THE RESULTS WOULD BE DISASTROUS. FOR HAYES SEE SMITH & DAVIS, AGENTS, 101 BROADWAY.

Plattery is simply a way of boasting of our power to fool others.

Owing to circumstances I have decided to roll off the sale of my household effects, Nov. 10.

Livestock Markets.

(Reported by Hounshon Stock Journal, Hounshon Stockyards.)

Louisville, Ky., Nov. 2.—Cattle—Receipts, 2,285 head. There was a fair attendance of local traders and butchers on the yards and some foreign buyers, yet hardly as many as usual, with about 1,000 fewer cattle on sale than we had a week ago, an ideal market (from the seller's point of view) might have been anticipated, but such was not the case in every instance. Choice heavyweight butchers were in good request at steady to a dime better prices. Medium and inferior butchers were a drug on the market—neglected—and if anything, a little lower. High-grade feeders and high-class stock cattle sold very well. Very few of that class here. The medium and plain grades of which the bulk of the steers consisted, were mean sale and hardly as good as last week. Slop men were not anxious buyers, as they are not ready for them yet, and calves grade is about gone and feed-stuff too high to buy now and hold until they get ready for the cattle. Hubs were steady, canners dull and drab, shade lower. Milch cows dull. Few prime export steers here that sold as high as \$6.60, which

was about a dime better than the same class of cattle would have sold last week. Pigs only fairly well cleared and market closed dull.

Cattle—Receipts, 94. Market about steady. Best veals, 6 1/2 @ 7 1/4; medium, 4 1/2 @ 5 1/2; common, 2 1/2 @ 4 1/2.

Hogs—Receipts, 8,773. Market opened 5c higher on tops, steady on lights and roughs and a dime lower on pigs. Selected 165 pounds and up, \$7.70 @ 7.80; 120 to 165 pounds, \$7.10 @ 7.50; pigs, \$7.30 down; roughs, \$7.00 down. The pigs were well cleared of good hogs and the market closed about steady.

Sheep and Lambs—Receipts, 510

Market continues dull and unchanged. Best fat sheep, 2 @ 2 1/2; common sheep almost unsalable; best lambs, 6 1/2 @ 6; butchers, 5 @ 5 1/2; culls, 2 @ 4.

St. Louis—Cattle—Receipts 8,500 including 4,000 Texans; market steady; native beef steers \$4.00 @ 5.50; cows and heifers \$3.25 @ 5.25; stockers and feeders \$3.50 @ 5.50; Texas and Indian steers \$3.50 @ 6.00; cows and heifers \$2.25 @ 4.15; calves in carload lots \$5.50 @ 8.00; Hogs—Receipts, 6,500; market steady to strong; pigs and lights \$6.75 @ 7.80; packers \$7.40 @ 7.80; butchers and best heavy \$7.65 @ 7.90. Sheep—Receipts 1,500; market strong; native muttons \$3.25 @ 4.25; lambs \$6.75 @ 7.00.

COAL! COAL! COAL!

Experience of ten years, handling coal from every mine accessible to Paducah, TAYLOR COAL has given the best satisfaction, and, as the consumer is the best judge and the one to please, we have decided to handle no other. Never clinkers; no slate, no slack; burns to a fine white ash and will beat any coal in the world for holding fire all night. We have found it the best, those that tried it found it the best, if you try it you will find it the best, and have no other. Be sure and get our prices before buying.

Now is the time to place your coal order for the winter. And every coal dealer will tell you his is the best. Unlike other dealers, we are not under salary or contract to sell coal from any one coal mine and to tell you it is the best; but an ex-
